

The First Automated Fundraising System Online

Let your fundraiser harness the power of the Internet

In this modern era, everyone is communicating with email. No matter if you are generation X, Y, or Z, you have a list of contacts in your Inbox. Wouldn't it be nice if you could send the people you know an email inviting them to support your fundraiser ONLINE?

FrontRunner is a complete system that enables you and your participants to send emails to people you know inviting them to support your fundraiser by purchasing from a variety of name brand products or donating an amount at our Exclusive Online Fundraising Store.

- 100% Kid Safe
- No buying or being stuck with unsold inventory
- No order forms or handling money

"I raised \$3,200 in 7 days for my dog's surgery"

Beverly in Scottsdale, AZ

Our Exclusive Online Fundraising Store

FrontRunner has an exclusive Online Fundraising Store. At the store, supporters can browse and purchase a variety of brand-name products (for example: Paul Mitchell Shampoo, Blue Diamond Almonds, Nike Golf Balls and more) or make cash donations using their PayPal, Checking, or Credit Card. Our products at the store average 40% margin and the fundraiser will receive 93% of the funds that are donated after bank and processing fees.

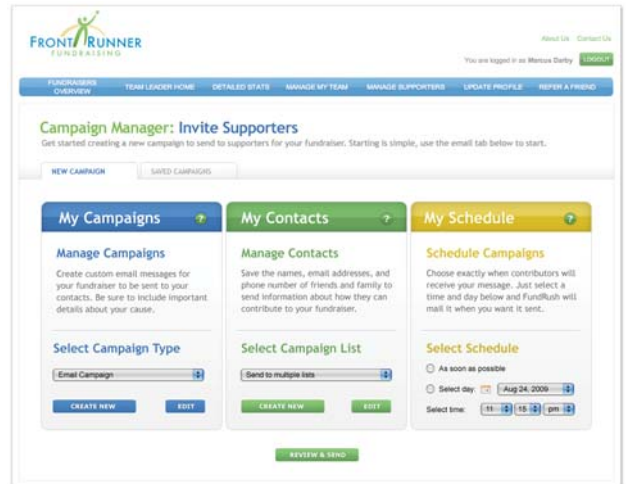

How Does It Work?

The FrontRunner System is very powerful, yet extremely user-friendly. The key to making your fundraiser work is the Campaign Creator. The Campaign Creator allows you to create multiple messages, upload contact lists, and schedule the delivery of each message. Using the Campaign Creator is as simple as **1, 2, 3.**

1. Create a New Message to send to supporters by selecting the "Create New" button. Name the message, write the message and save.
2. Enter Your Contacts: You can manually type them in, upload lists, or import from online email accounts.
3. Select the message, select the list of contacts, and schedule the delivery.

Your supporters will be able to donate or make a purchase at the exclusive online fundraising store.

This is Your Fundraiser on FrontRunner.

"Our softball team needed new uniforms. After I set up my FrontRunner Account, I was able to raise \$500 in 6 days."

Casey, American Fork UT

Who Can Use FrontRunner?

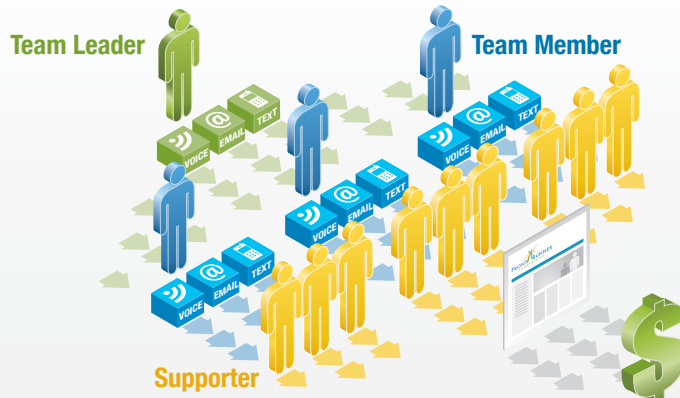

The FrontRunner System allows you to send emails to friends and supporters immediately, or you can create teams. Creating teams allows you to invite people to join your fundraiser. When your team members join, they can send emails to their friends on behalf of your fundraiser.

- Individuals for special purposes
